Professional Summary

As a B.Tech graduate in Computer Science Engineering and a fresher, I am passionate about building my career as a Java Developer. I have learned Core Java, SQL, JDBC, HTML, CSS, and MS Office, with the ability to learn quickly and adapt to new technologies. By working on projects like Student Management System and Bank Management System, I gained practical experience in applying concepts to real-world problems. In addition, my teaching experience has strengthened my communication, presentation, and mentoring skills. I am seeking an opportunity in a reputed organization to start my professional journey and grow my skills further.

Education

B.Tech in Computer Science and Engineering

Kalam Institute of Technology , Odisha
